Scitec/TeleMatrix Opens Office in Beijing, China

Scitec Inc. & TeleMatrix, Inc., the leading supplier of hospitality and business telephones, announce their newly opened office within Beijing's prestigious CBD (Central Business District). The Chinese trading unit will operate under the name of Scitec & TeleMatrix (Beijing) Co., Ltd.

"China's hospitality market is the fastest growing market in the world and the potential is outstanding for our products," says Dr. Bing N. Sun, CEO of Scitec & TeleMatrix. "A local presence is essential for success. From the Beijing office we will offer sales, administration and logistics support for the Asia/ Pacific region, " says Dr. Sun.

"Beijing is the latest in a global expansion that includes offices in Europe, the Middle East, and India. Scitec & TeleMatrix strive for the highest degree of customer satisfaction and by extending proper support into the regions we will be able to better serve our customer base. Local offices are necessary to better serve and understand the markets we operate in. No other company in our field can honestly claim this level of infrastructure, personnel, and commitment," says Jose Quiros, Chief Operating Officer for Scitec & TeleMatrix.

About Scitec and TeleMatrix

Scitec & TeleMatrix are leaders in the provision of telephones to the commercial, hospitality, and health care markets. TeleMatrix & Scitec have over 11 million analog, SIP and Digital Centrex telephones installed at over 35,000 customer sites worldwide. Distribution, sales, and administration offices are located in the United States (Colorado Springs, Colorado & Champaign, Illinois), the UK (Milton Keynes), the UAE (Dubai), India (Mumbai) and China (Beijing).
