

TELEPHONE TIP 3:

Make it easy on the guest with SciTouch® or TouchLite® One-Touch message retrieval

No multiple buttons with lengthy explanations, simply press one blinking button to get your messages. TeleMatrix and Scitec are pleased to have been the "First" to come up with this technology. No one else can use it, we have the patent—U.S. Patent No. 6556663, D448011. Our aim is to make the guest's stay as enjoyable as possible, and we know the little things make the difference.
