

TELEPHONE TIP 11:

Are IP phones 'plug & play' like regular analog sets?

No. SIP is a standard but it is a standard that has variances from manufacturer to manufacturer. TeleMatrix works with all major PBX manufacturers to ensure our end point inter-operate with all major brands. Furthermore, TeleMatrix telephones are less expensive and designed specifically for the hotel room. Select a 9600 Series IP DECT and save on your IP licensing.

A public awareness announcement provided by your friends at TeleMatrix and Scitec.
